Annual Water Quality Report

The Missouri Department of Natural Resources regulates our water system and requires us to test the water on a regular basis. The City of Duenweg is proud to report that we are compliant with all regulations and meet all safe water standards. A copy of this year's water quality report is included on the last pages of this newsletter.

Sewer Testing Begins June 10th

On behalf of the City of Duenweg, TREKK Design Group, LLC will begin testing the sanitary sewers the second week of June. This includes a process called "smoke testing" and residents are encouraged to learn about the process.

Smoke testing helps find and locate defects or improper connections by blowing an odorless and non-toxic smoke into the sewer. When there are no defects or improper connections, smoke will only be seen from the roof vents of each building that is connected to the sewer. When there *are* direct improper connections, smoke will be seen where there are defects.

Since it can be unnerving to see smoke when it is not expected - 48 hours before testing begins - door hangers will be placed on or given to the owners of buildings and homes that will be in the test area. Local Police and Fire officials will also be notified so they are prepared if citizens who have forgotten about testing happen to become alarmed.

Further information about sewer testing, residents are encouraged to watch a video about smoke testing at bit.ly/SmokeTesting.

Important Information Regarding Online Water Payments

It has come to our attention that there is a company (Doxo) that will show up online as "Duenweg MO utility pay" if you use google to find where to pay your bill online. We have not contracted with this company to take payments and have heard from a few residents that they have paid yet we have yet to receive their payment. If you're going to pay online, please use the City's website www.duenwegmo.com, hover over the "City Hall" link at the top right of the page and select "Pay Water/Sewer/Trash" from the drop down. This will take you to our PayPal page.

You do not have to have an account to use this feature but please include the address and name on your water account as well as allow a few days for us to receive the payment.
